1. The Sovereign Spectrum

This certificate serves as the master record for the 9 layers of sovereignty built into the Unified Finance Hub. It certifies that the Principal (Marcel Laframboise) holds absolute, mathematical authority over the system and its assets.

- Layer 1: Grounded Truth** Direct blockchain node synchronization. 0% reliance on third-party bank databases.
- Layer 2: Hardware Gating** Tesla TSL-3 UWB (8GHz) proximity requirement for all high-value signings.
- Layer 3: IP Ownership** 100% of the Hub code and terminal architecture is the property of the Principal.
- Layer 4: Atomic Liquidation** Integrated Interac Hub for instant multi-bank CAD settlement.
- Layer 5: Quantum Shield** Dilithium-5 and SPHINCS+ encryption for future-proof security.
- Layer 6: Jurisdictional Failover** Zurich and Singapore "Shadow Rails" ensure 100% uptime.
- Layer 7: AI Sentinel** Passive mempool and regulatory threat monitoring agent.
- Layer 8: Institutional Standing** Fully cleared KYC/AML Passport for "No Questions Asked" access.
- Layer 9: Inheritance Protocol** Cold Man's Switch for irreversible wealth preservation.

MASTER CERTIFICATION: This document is the ultimate anchor of the Unified Finance Hub. It is signed, sealed, and delivered within the Android Studio Production Environment on August 30, 2026. The authority of Marcel Laframboise is absolute.
